New Business

Historic Survey

Mr. Julian suggested that each address listing should contain the following information:

- Approximate date of construction
- Shape/configuration of principal structure
- Architectural style/influences
- Preservation/restoration suggestions

There was consensus among ARC and PZED that this format should be used.

Trustee Raseman suggested that a Glossary of Terms be included in the survey.

It was noted that in the listings of each street, the contributing properties are listed first, followed by noncontributing properties. Consensus was that this should be changed so that for each street, properties are listed in numeric order by address, regardless of contributing or noncontributing status. It was also agreed that should be a list of properties at the front of each chapter. (This applies to the street chapters.)

The ARC and PZED reviewed individual listings in the survey.

Adjournment to October 12, 2005

Motion by Ms. Plummer to adjourn the meeting to Wednesday, October 12, 2005 at 7:00 p.m. in the Community Conference Room of the Village Hall. Mr. Peterson seconded the motion.
